

IT'S A SIX
6 years of

fingers®

Millions of Memories.
Infinite Thanks.

Fingers are the main physical connection between technology and the human mind.
We experience digital technology with fingers.

WE click...
touch...
feel...
carry...
work...
play...
move...

None other than with Fingers.

Fingers communicate so much more.

We make gestures with our fingers, consciously and subconsciously, by

- Showing direction
- Bringing a point of view
- Expressing love
- Signalling on a cricket field with raised fingers - Either disappoints us or bring cheer.

Fingers communicate a lot... It's a language!

At FINGERS, we are here to create 'A New Language of Technology'. Our team takes immense pride in possessing over 450 years of collective experience in the digital space, with a proven track record of creating transformational digital experiences.

Each gadget is crafted with love and the utmost attention to detail by a Dynamic Team that believes in being MAD - Making A Difference - A difference in the way you feel, play and experience Quality Technology. We believe technology should be Trendy and Innovative yet speak in a way that moves and inspires you. And we stand for what we believe - A New Language - breaking the norms and stereotypes.

Huge Portfolio
200+ gadgets

Welcome to

Restaurant

Pure Veg

awesome
tasty
fresh

any
time
food

We are thrilled to announce the opening of ATF Square, where we have opened our doors and hearts to serve lip-smacking vedgy delicacies from all corners of the world that are AWESOME, supremely TASTY, and absolutely FRESH!

Currently, we have opened our outlets in Vapi & Daman and have plans to expand across India in the next few years. We aim to make ATF Square your global passport to enjoy wholesome, delectable meals in a warm and inviting ambiance where All Tastebuds Fed.

If you're in Vapi or Daman, do visit us. We eagerly look forward to welcoming you to Taste Our Love. Love Our Taste.

¹Can withstand up to 18 drops with up to height of 1 m.

²Tested under ideal conditions and in Bluetooth® playback mode. Playback time may vary depending on usage, playback mode and volume levels.

³TWS function can only be enabled to pair two same portable speakers.

⁴Tested under limited conditions. Do not immerse in liquid. (Sweat resistant/Sweat proof/Sealed Membrane)

⁵Supports PD+QC Power Delivery technology (18W Max). It can even charge Laptops using Type-C to Type-C cable.

⁶Charging time for higher voltage devices may be longer than its original charger due to max. 20 W Power Output.

⁷Power Delivery is a fast charging technology, supported by certain iOS and Android devices, that delivers much higher levels of power than standard charging.

⁸Handle with Care and ensure your phone is placed properly.

⁹Wireless charging support is also compatible with devices having power 5W, 7.5W, 10W output max is 15W.

¹⁰Tested under ideal conditions. Battery backup time may vary depending on usage.
